READY PATCH

Full-bodied for Heavy-Duty filling

NEW CONTAINER

- No more dents or rust
- Easier to use with a putty knife
- Resealable lid keeps product fresh

Ready Patch has been the contractor's choice for over 40 years. Smooth, easy to apply, and easy to sand, Ready Patch combines the workability of filling paste with the strength of plaster for durable, professional-looking results on interior and exterior surfaces.

- Ideal for large cracks and holes
- Non-shrink formula resists cracking and sagging
- Recommended for interior or exterior surfaces
- Dries rock-hard - strengthens the surface
- Ideal for dents in doors or metal siding
- Can be painted when dry to the touch
- Soap and water cleanup
- Silica free

READY PATCH LITE

Light-weight formula for quick and easy repairs

Ready Patch Lite is a professional-grade filling compound specially formulated for light-duty repairs on many types of interior and exterior surfaces. Fast drying, light-weight Ready Patch Lite is easy to apply and even easier to sand smooth when dry.

- Ideal for most quick repairs
- Smooth consistency - won't fall off filling knife
- Recommended for interior or exterior surfaces
- Fast drying, resists shrinking and cracking
- Can be painted when dry to the touch
- Very easy to sand when dry
- Soap and water cleanup
- Silica free
